Received by Email from the Anglesey County Council on the 29 July 2021.

The Mayor, Councillor Richard Parry informed members of the Council that as this Planning application had already been approved some time ago, that this Planning Consultation was in respect of the Section 106 part of the Planning application, such as car parking, green linkages, ecology and tree management and as such the Town Council could only make their comments known to the Planning Officer who would then further the comments onto the members of the Planning Committee of the Anglesey County Council. The Mayor added that not all the land in question would be developed upon and the rest of the land would be for woodland paths and forest areas.

Councillors voiced their views separately to the Chairman.

*It was resolved*, proposed and seconded to write to the Planning Dept of the Anglesey County Council with the comments of the Holyhead Town Council – “That the Holyhead Town Council is concerned about the lack of public consultation by the Developer throughout the Planning process and their failure to create or up-keep a Stakeholder Liaison Group which forms part of the planning permission granted. These concerns should be rectified as soon as possible in order for the Town Council and the general public to be made aware of the Developer's proposed plans and processes.”
